

NEW PATIENT GUIDE

FIND A SPECIALIST

It is highly recommended that appendix cancer and PMP patients seek out a specialist who deals with these conditions on a regular basis before commencing treatment. Check out acpmp.org/find-a-specialist to find one near you.

CONNECT WITH OTHERS

Join the very active Facebook '[PMP Appendix Cancer Support Group](#)', ACPMP's Facebook group '[ACPMP Research Foundation](#)' or ACPMP's Inspire group '[ACPMP Support Community](#)' to connect with other patients.

RECEIVE UPDATES

Follow ACPMP on [Facebook](#), [Twitter](#), [Instagram](#), [YouTube](#), & [LinkedIn](#). Receive regular updates from ACPMP with the latest news on appendix cancer and PMP by joining our mailing list. Sign up at acpmp.org/mailling-list-sign-up.

EDUCATE YOURSELF

Learn facts about appendix cancer and PMP, particularly about diagnosis, treatment and terminology. YOU are your own best advocate! Check out videos of our past educational events to learn more about these diseases and optimal treatment, take a look at our '[About AC/PMP](#)' page, read NORD's reports on appendix cancer, goblet cell carcinoid tumors, and PMP, and review ACPMP's list of recent research relating to appendix cancer and PMP.

PARTICIPATE IN RESEARCH

Review ACPMP's updated list of active clinical trials and discuss with your physician. Ask your physician about genetic and molecular profiling of your tumor to guide treatment and determine eligibility for clinical trials, acpmp.org/clinical-trials. ACPMP is excited to announce the creation of the ACPMP Patient Registry which will serve as a platform for patients around the world to share information about Appendix Cancer and Pseudomyxoma Peritonei in order to build an international resource to be used by scientists in future research. The [ACPMP Patient Registry](#) is currently under development and is expected to launch in the Spring of 2021.
