

ACPMP New Patient Guide

1.

FIND A SPECIALIST

It is highly recommended that appendix cancer and PMP patients seek out a specialist who deals with these conditions on a regular basis before commencing treatment. Check out acpmp.org/find-a-specialist to find one near you.

2.

CONNECT WITH OTHERS

Join the private and active Facebook support group called '*PMP Appendix Cancer Support Group*' or ACPMP's Facebook group called '*ACPMP Research Foundation*'. Email info@acpmp.org to be connected with one of our *Patient Advisory Council members* for more one-on-one support.

3.

RECEIVE UPDATES

Follow ACPMP on Facebook, Twitter, Instagram, YouTube, & LinkedIn. Receive regular updates from ACPMP with the latest news on appendix cancer and PMP by joining our mailing list. Sign up at acpmp.org/email-signup.

4.

EDUCATE YOURSELF

Learn facts about appendix cancer and PMP, particularly about diagnosis, treatment and terminology. Check out videos from our educational events to learn more about these diseases and optimal treatment and go to acpmp.org/about-acpmp to review recent research and FAQs. acpmp.org/helpful-links has additional links to resources!

5.

PARTICIPATE IN RESEARCH

Review ACPMP's list of active clinical trials and discuss with your physician. Ask your physician about genetic & molecular profiling of your tumor to guide treatment :

acpmp.org/clinical-trials.

ACPMP's Patient Registry will serve as a platform for patients around the world to share information about appendix cancer and PMP in order to build an international resource to be used by scientists in future research.

RESEARCH GRANT PROGRAM

MISSION

The ACPMP Research Foundation Catalyst Research Grant provides up to \$50,000 over two years.

The ACPMP Research Foundation Catalyst Research Grant Program is intended to support basic scientific, clinical, or translational research that is focused on appendix cancer and/or appendiceal pseudomyxoma peritonei (PMP). The aim of this grant program is to promote studies of the biology, epidemiology, genetics, pharmacology, immunobiology, or biochemistry of malignant epithelial neoplasms of the appendix that have the potential to yield diagnostic, therapeutic, or population-based advances for these rare cancers. These studies may focus on appendiceal mucinous neoplasms, appendiceal adenocarcinomas (including signet ring cell adenocarcinoma and goblet cell adenocarcinoma), and/or pseudomyxoma peritonei of appendiceal origin.

\$1,695,000 MILLION FOR RESEARCH

ACPMP has distributed \$1,695,000+ in the form of 36 research grants since 2009. In addition, ACPMP also funded the 2023 Society for Surgical Young Investigator Grant of \$25,000 for research in appendix cancer and/or PMP and related peritoneal surface malignancies. Finally, for the past several years, ACPMP has provided funding for numerous medical symposia where researchers convene and present cutting-edge research in these rare diseases.

PROCESS

All applicants are required to complete an online grant submission by the application deadline using the ProposalCentral website at <https://proposalcentral.com>.

Applicants are required to enter information directly into the ProposalCentral online submission platform as well as upload all necessary documents. These instructions outline details regarding information to be entered on the submission platform as well as required materials for upload.

ProposalCentral Account Information:

NEW USERS with ProposalCentral: Select "Need an Account" and follow the prompts to complete the account registration process. After logging in, complete the 'Professional Profile' prior to beginning an application.

REGISTERED USERS with ProposalCentral: Log into the site with your Username/Password. If you cannot remember your login details, select the "Forgot Your Password?" link and follow the prompts to reset your login information.

To begin an ACPMP Research Foundation Catalyst Research Grant Application:

In ProposalCentral, select the "Grant Opportunities" tab/page. Find the "ACPMP Research Foundation Catalyst Research Grants" program and click the "Apply Now" button in the Apply column.

Any difficulties with registration, log in or in creating your Catalyst Research Grant Application can be directed to ProposalCentral Customer Support at: pcsupport@altum.com or via phone at (800) 875-2562 (U.S. & Canada, Toll-Free) and +1-703-964-5840 (Direct Dial International).

CATALYST RESEARCH GRANT CYCLE TIMELINE

Full Application Deadline:	February 15, 2023, at 5:00 p.m. EST
Review of Applications:	February/March 2023
Award Notification:	Late March 2023
Start of Grant Term :	April 15, 2023

Inquiries about the ACPMP Research Foundation Grant Program guidelines, eligibility, requirements, and application materials may be directed to the ACPMP Research Foundation at info@acpmp.org
