

## Host a Regional Walk during the Appendix Cancer Global Walk!

### Help Us Make an Impact Locally:

While the Appendix Cancer Walk is now a global event where you can walk with friends & family wherever you are, we're looking for volunteers to organize larger Regional Walks in key areas. These events would give local participants a chance to connect and walk together to support our cause. If you're interested in hosting an event, here's how we can support you:

---

### What is a Regional Walk?

Unlike participants walking independently with family and friends, a regional walk is open to the local community. These walks are hosted by volunteers and held at a park, trail, or another accessible public space. They are an opportunity to unite participants in your area while raising awareness for appendix cancer.

---

### Walk Week Details:

Regional Walks can take place anytime during **Walk Week: June 7 – June 15, 2025**. Hosting your event on a weekend is recommended to maximize participation.

---

### What We Provide:

- **Guidance:** A step-by-step guide to help you organize the event.
  - **Promotional Materials:** Flyers, social media graphics, banners, and registration links direct to your local walk to spread the word.
  - **Giveaways:** Items such as awareness ribbons, stickers, bracelets, and other small tokens for attendees.
  - **Support:** Assistance with any questions and advice on logistics like securing permits and insurance (we can cover costs) if needed.
-

## **Your Role as a Volunteer Host:**

- Choose a location (e.g., a park or trail) and ensure it's accessible.
  - Promote the event in your community using the materials we provide.
  - Contact the location & ensure any necessary permits and insurance are obtained (we can help with this in terms of cost (if needed) and providing insurance)
  - Set up a small table with materials and giveaways (provided by us) - but feel free to do more if you'd like! (snacks, drinks, raffles, etc).
- 

## **Next Steps:**

If you're interested in hosting a Regional Walk, please email us at [walk@acpmp.org](mailto:walk@acpmp.org). We'll meet with you virtually and provide all the resources you need to make your event a success.

---

## **Thank You for Your Support:**

Whether you're hosting a Regional Walk or walking with your own group, every step makes a difference. Together, we're walking towards a cure for appendix cancer. Let's make this year's walk the most impactful yet!
